

Index to Volume 27

The Journal of MEDICAL EDUCATION

Subject Index

A

Administration

Administrative and integrative patterns of medicine (Jacobsen), 180, May.
Mississippi's medical education loan program (Voskamp), 111, Mar.
Statement by the joint committee on medical education in time of national emergency, 114, Mar.

Admissions: see also Student Personnel Practices.

Ratio of applicants to population by states (Davenport), 330, Sept.
Study of applicants for admission to United States medical colleges, class entering in 1951-52 (Stalnaker), 39, Jan.

Applicants: see Admissions; Student Personnel Practices.

Assessment of student knowledge on the subject of cancer (Bierman, McClelland, Galloway), 272, July.

Association of American Medical Colleges

Committees: see page 78, part 2, May.
Committee reports: see topic listings.

End of an era, the *ed.*, 44, Jan.

Medical Education, 1952, *ed.*, 401, Nov.

Minutes of the proceedings, 62nd annual meeting, part 2, May.

New Association emblem *ed.*, 118, Mar.
Preview of plans for 63rd annual meeting, 336, Sept.

Retrospect and prospect (Bachmeyer), 1, Jan.

Audiovisual Education

Atlas of endoscopic motion picture material in broncho-esophagology (Ruhe), 123, Mar.

Buy them and edit them (Ruhe), 282, July.

Cine-clinics, the: an important innovation in the teaching of surgery (Ruhe), 47, Jan.

Committee on audiovisual aids (Bloedorn), 35, part 2, May.

Long life for medical teaching films (Ruhe), 355, Sept.

Medical education and magnetic sound-on-film (Ruhe), 184, May.

Medical TV continues to expand, 206, May.

TV channels and medical colleges, *ed.*, 280, July.

Visual and auditory educational aids in cardiology (Butterworth, Poindexter), 258, July.

Audiovisual News, 47, Jan.; 123, Mar.; 206, May; 282, July; 355, Sept.; 415, Nov.

B

Belgium, medical schools in

Medical schools in western Europe (Bachmeyer), 75, part 2, July.

Book Reviews, 53, Jan.; 129, Mar.; 210, May; 288, July; 361, Sept.; 419, Nov.

Books and Pamphlets Received, 58, Jan.; 136, Mar.; 214, May; 292, July; 367, Sept.; 423, Nov.

Borden Award

Nominations for the, *ed.*, 119, Mar.

Presentation of Borden Awards in the medical sciences, 1952, 8, Part 2, May.

C

Cancer

Assessment of student knowledge on the subject of (Bierman, McClelland, Galloway), 272, July.

Cancer Quiz, the, *ed.*, 279, July.

Integrated program for clinical cancer instruction, an (Burdette), 268, July.

College News, 65, Jan.; 145, Mar.; 221, May; 298, July; 349, Sept.; 410, Nov.

Child health in the education of physicians, (Darley), 99, Mar.

Committees, AAMC, see page 78, part 2, May.

Reports on, see topic listings.

Community

Community needs; the student; the medical school as it exists today (Romano), 167, May.

Community nursery school and medical education, the (Richmond, Eddy), 384, Nov.

Community nursery school and medical education, the (Richmond, Eddy), 384, Nov.

Conference on psychiatric education, 166, May.

Conference on psychiatric education, 166, May.

Continuation Education

Committee on postdoctoral education (Truslow), 73, part 2, May.

Continuation education of physicians and regional hospital plans, *round table*, (Kampmeier), 80, part 2, May.

Control of Medical Education

Money, control and medical schools (Olson), 120, Mar.

No strings attached, *ltr.* (Anderson), 204, May.

Corporate Giving

Changing trends in giving, *ed.*, 117, Mar.

Corporation philanthropy and higher education (Millett), 81, Mar.

Corporation philanthropy and higher education (Millett), 81, Mar.

Costs of Medical Education

Committee on financial aid to medical education (Berry), 56, part 2, May.

Costs of conducting programs of research (Weaver), 316, Sept.

Costs of medical education, *ed.*, 278, July.

Close ranks! *ltr.* (Faulkner), 281, July.

Cost of spending money, the, *ed.*, 201, May.

Give-aways and Gifts, *ed.*, 339, Sept.

Money, control and medical schools, *ltr.* (Olson), 120, Mar.

National fund for medical education (Colt), 89, Mar.

No strings attached, *ltr.* (Anderson), 204, May.

Report of the year's work of the national fund for medical education (Mellen), 20, part 2, May.

Research costs, *ltr.*, (Davison), 340, Sept.

Costs of conducting programs of research, (Weaver), 316, Sept.

Curriculum: see also Teaching

Assessment of student knowledge on the subject of cancer (Bierman, McClelland, Galloway), 272, July.

Conference on preventive medicine in medical schools, *ed.*, 400, Nov.

Conference on psychiatric education, the, 166, May.

preliminary remarks (Mitchell)

community needs; the student; the medical school as it exists today (Romano)

how does psychiatry affect medical education? (Whitehorn)

administrative and integrative patterns of medicine (Jacobsen)

Pathology and clinical medicine (Goldring), 394, Nov.

Place of pathology in medical education (Moore), 24, Jan.
Preventive medicine in medical schools, preview of the conference on, 333, Sept.

D

Denmark, medical schools in
Medical schools in western Europe (Bachmeyer), 58, part 2, July.
Director of studies, report of the (Stalnaker), 28, part 2, May.
Distribution of Physicians
Trends in medical practice (Weiskotten and Altenderfer), part 2, Sept.
Doctor for tomorrow's needs, the (Page), 91, Mar.

E

Editorials: 41, Jan.; 117, Mar.; 201, May; 278, July; 339, Sept.; 400, Nov.
England, medical schools in
Medical schools in western Europe (Bachmeyer), 5, part 2, July.
Environmental Medicine
Committee on (Clark), 38, part 2, May.
Community needs: the student, the medical school as it exists today: conference on psychiatric education, 167, May.
Teaching social and environmental factors of venereal disease (Martin), 104, Mar.
Examinations for medical students, a comparative study of essay and objective, (Cowles, Hubbard), 14, part 2, May.
Executive Council (AAMC)
Actions at meeting of new, 77, part 2, May.
Actions taken on the recommendations of the, 25, part 2, May.
Report of the chairman of the (Hinsey), 22, part 2, May.

F

Faculty

Disgraceful incident, a, ed., 117, Mar.
Faculty register, a, ed., 279, July.
Medical school faculties in the national emergency (Diehl, West, Barclay), 233, July.
Staffing patterns at four-year medical schools (Diehl, West, Barclay), 303, Sept.

Family

Medical-social family studies in medical education (Meleney, Mortara), 19, Jan.
In the training of medical students (Hubbard, Mitchell, Poole, Rogers), 10, Jan.

Federation of licensure boards, work of the, (Vest), 12, part 2, May.

Films: See Audiovisual

Film Releases, new, 51, Jan.

Film Review Summaries: 51, Jan.; 127, Mar.; 208, May; 285, July; 359, Sept.; 417, Nov.

Financial: See Corporate Giving; Costs of Medical Education.

Foreign Schools

Medical schools in western Europe (Bachmeyer), part 2, July.
Foreign students, committee on (Smyth), 65, part 2, May.

G

Gifts, trends in: See Corporate Giving
Graduate Education: See Continuation Education.

Group practice in support of medical education, **round table**, (Furstenberg), 88, part 2, May.

H

Hospital plans and continuation education of physicians, regional, **round table**, (Kampmeier), 86, part 2, May.

Hospitals, relation of, to medical schools

Medical schools and teaching hospital relationships, ed., 45, Jan.

I

Instruction: See also Teaching.

Integrated program for clinical cancer instruction, an (Burdette), 268, July.

Integration

General medical education, ed., 44, Jan.
Interim report from an ambivalent friend (Dollard), 161, May.

Internships

Committee on internships and residencies (Youmans), 69, part 2, May.
Internship appointments for 1953, 393, Nov.
Internship matching plan, the, ed., 46, Jan.
Matching plan for internship placement (Mullin, Stalnaker), 193, May.
Problems of the internship placement program, 7, part 2, May.
Report of its first year's work by the national interassociation committee on internships, 18, part 2, May.

J

Journal of Medical Education, report of the managing editor of the (Swanberg), 26, part 2, May.

M

Matching plan for internship placement (Mullin, Stalnaker), 193, Jan.
Medical education and magnetic sound-on-film (Ruhe), 184, May.

Medical Education, costs of: see Costs of Medical Education.

Medical school faculties in the national emergency (Diehl, West, Barclay), 233, July.

Medical Education, general: see also Medical School Inspections.

Doctor for tomorrow's needs, the (Page), 91, Mar.
General medical education, ed., 44, Jan.
Interim report from an ambivalent friend (Dollard), 161, May.
Next twenty years in medicine, the (Evans), 326, Sept.
Retrospect and prospect (Bachmeyer), 1, Jan.

Medical School Inspections

End of an era, the, ed., 44, Jan.
Medical schools in western Europe (Bachmeyer), a special report on medical institutions in seven European nations. See table of contents, page 3, part 2, July.

Medical-social family studies in medical education (Meleney, Mortara), 19, Jan.
Minutes, approval of, of the 61st annual meeting, 10, part 2, May.
Mississippi's medical education loan program (Voscamp), 111, Mar.

N

National association of manufacturers resolution on support of educational institutions, 88, Mar.

National Emergency: see also Faculty.

Medical education in time of, a statement by the joint committee on, 114, Mar.

Medical school faculties in the (Diehl, West, Barclay), 233, July.
National emergency, planning committee for (Kimball), 73, part 2, May.

National Fund for Medical Education. See also: Costs of Medical Education.

Report of the year's work of the (Meleney), 20, part 2, May.
National fund for medical education, the (Colt), 89, Mar.

National interassociation committee on internships, report of its first year's work by, 18, part 2, May.

See also Internships.
National society for medical research, work of the (Rohweder), 10, part 2, May.

Netherlands, the, medical schools in
Medical schools in western Europe
(Bachmeyer), 64, part 2, July.

Neurology

Training of a neurosurgeon (Craig, Corbin), 107, Mar.

News: 69, Jan.; 138, Mar.; 215, May; 294, July; 343, Sept.; 402, Nov.

Next twenty years in medicine (Evans), 326, Sept.

Nominating Committee

Naming of, 7, part 2, May.

Report of the, 77, part 2, May.

Norway, medical schools in

Medical schools in western Europe
(Bachmeyer), 53, part 2, July.

O

Operational approach to the medical sciences, an (Libet), 375, Nov.

Our Readers Write: 129, Mar.; 204, May; 281, July; 349, Sept.

P

Pathology

Place of in medical education (Moore), 24, Jan.

Some thoughts regarding the teaching of (Nettleship), 31, Jan.

Pathology and clinical medicine (Golding), 394, Nov.

Pediatrics

Child health and the education of the physician (Darley), 99, Mar.

Community nursery school, the, and medical education (Richmond, Eddy), 384, Nov.

Regional pediatric conferences, summary report, 397, Nov.

Personnel Exchange: 63, Jan.; 143, Mar.; 219, May; 296, July; 379, Sept.; 425, Nov.

Physical medicine and rehabilitation in the United States, report on recent advances in education in, by the council on physical medicine and rehabilitation of the AMA, 17, part 2, May.

Place of pathology in medical education, the (Moore), 24, Jan.

Postdoctoral Education: See Continuation Education.

Postgraduate Education: See Continuation Education.

Premedical Education: See also Admissions.

Dr. Marshall's reply, **ltr.**, 122, Mar.

Dr. Selterfield's editorial from **Sculpel**, 121, Mar.

Heat or light on the premedical status, **ltr.** (Setterfield), 120, Mar.

Presentation of Borden award in the medical sciences for 1952, 8, part 2, May.

Preview of the conference on preventive medicine in medical schools, 333, Sept.

Preview of plans for the Association's 63rd annual meeting, 336, Sept.

Preventive Medicine

Plan for the Instruction of Medical Students in Preventive Medicine and Public Health, A (Chesney), Nov., 387.

Preview of the conference on preventive medicine in medical schools, 333, Sept.

Public information, committee on (Chandler), 74, part 2, May.

Psychiatry

Conference on psychiatric education, the, 166, May.

Conference on psychiatric education, 1952, **ltr.** (Whitehorn, Mitchell), 204, May.

Note on the teaching of (Lederer), 331, Sept.

Psychology

Teaching the psychological approach to everyday medical problems (Hollender, Galvin), 182, May.

Training the student in medical psychology (Thorne), 253, July.

R

Ratio of applicants to population by states (Davenport), 330, Sept.

Regional pediatric conferences, 397, Nov.
Rehabilitation in the United States, report on recent advances in education in physical medicine and, by the council on physical medicine and rehabilitation of the AMA (Elkins), 17, part 2, May.

Research, Cost

Costs of conducting programs of research, the (Weaver), 316, Sept.

Cost of spending money, the, **ed.**, 201, May.

Research costs, **ltr.** (Davison), 340, Sept.

Threat of large scale research programs to the quality of medical education, the, **round table**, (Young), 82, part 2, May.

Retrospect and prospect (Bachmeyer), 1, Jan.

S

Scotland, medical schools in

Medical schools in western Europe
(Bachmeyer), 37, part 2, July.

Secretary, report of the (Smiley), 25, part 2, May.

Some thoughts regarding the teaching of pathology (Nettleship), 31, Jan.

Staffing patterns at four-year medical schools (Diehl, West, Barclay), 209, Sept.

Statement by the joint committee on medical education in time of national emergency, 114, Mar.

Student american medical association, report on the (Staudacher), 21, part 2, May.

Student personnel practices, committee on (Jacobsen), 74, part 2, May.

Study of applicants for admission to U. S. medical colleges class entering 1951-1952 (Stalnaker), 39, Jan.

Survey of medical education, progress report (Deitrick), 11, part 2, May.

Sweden, medical schools in

Medical schools in western Europe
(Bachmeyer), 46, part 2, July.

T

Teaching

Child health and the education of physicians (Darley), 99, Mar.

Cine-clinics, the: an important innovation in the teaching of surgery (Ruhe), 47, Jan.

Conference on preventive medicine in medical schools, the, **ed.**, 400, Nov.

Conference on psychiatric education, the, 166, May.

Doctor for tomorrow's needs, the (Page), 91, Mar.

Family in the training of medical students, the (Hubbard, Mitchell, Poole, Rogers), 10, Jan.

Family studies, medical-social, in medical education (Meleney, Mortara), 19, Jan.

Influence of medical care insurance plans on teaching material, the, **round table** (Chandler), 89, part 2, May.

Instruction in medical history taking (Wolf, Almy, Flynn, Kern), 244, July.

Integrated program for clinical cancer instruction, an (Burdette), 268, July.

Means of appraisal of the medical student's progress and of the effectiveness of teaching, the, **round table** (Moore), 90, part 2, May.

Plan for the instruction of medical students in preventive medicine and public health, A (Chesney), 387, Nov.

Operational approach to the medical sciences, an (Libet), 375, Nov.

Report on a comparative study of essay and objective examinations for medical students (Cowles, Hubbard), 14, part 2, May.

Some thoughts regarding the teaching of pathology (Nettleship), 31, Jan.

Teaching on the ambulant patient, **round table** (Barr), 82, part 2, May.

Teaching the psychological approach to everyday medical problems (Hollender, Galvin), 182, May.

Teaching social and environmental fac-

- tors of venereal disease (Martin), 104, Mar.
 Training of a neurosurgeon (Craig, Corbin), 107, Mar.
 Training the student in medical psychology (Thorne), 253, July.
Teaching Aids: See Audiovisual
 Teaching social and environmental factors of venereal disease (Martin), 104, Mar.
 Teaching the psychological approach to everyday problems (Hollender, Galvin), 182, May.
Television
 Medical TV continues to expand, 206, May.
 TV channels and medical colleges, ed., 280, July.
 Training of a neurosurgeon (Craig, Corbin), 107, Mar.
 Training the student in medical psychology (Thorne), 244, July.
 Treasurer, report of the (Youmans), 30, part 2, May.
 Trends in medical practice (Weiskotten, Altenderfer), part 2, Sept.

V

- Visual and auditory educational aids in cardiology (Butterworth, Poindexter), 258, July.
 Veterans administration—medical school relationships, committee on (Wood), 62, part 2, May.
